STATINTL

April 21, 1964

Dear Frank:

Ref: Contract FM450

You may have noted that we have not completed the "Confirmatory License" form which you sent to us in early March. The reason for our delinquency stems only from our inability to provide the information requested in the form. In my letter of 24 January 1964 I indicated it was our intent to seek patent protection for certain elements of our [redacted] magazine as well as for some of the ancillary equipment therefor. The disclosure is presently in the hands of our Patent Attorney and we anticipate the filing of an application within forty-five (45) days. As soon as this action is complete we will complete the "Confirmatory License" and provide you with the date and serial number of the application.

Incidentally, Joe S. has been out to audit our accounts and is prepared to formally close out this contract. However, because of this outstanding item we have not forwarded to him the Royalty Report (DD Form 783), Report of Inventions and Subcontracts (DD Form 882), Contractor's Release and the Assignment of Rebates and Credits. I presume that until the Confirmatory License has been completed we cannot formally close the contract and that it would be most convenient to receive all of these forms at the time when we submit our final invoice.
